Viking 5.5

This turn of the century Viking is a champion of the water and one of the best 5.5m offshore craft available today. It delivers rough water performance like no other for a boat with a hull its size.

It has ample storage space, an increased cabin height providing for a large access hatch with easy reach to the deck hatch and hardware and plenty of rod racks and holders. The top step contains a large locker which can be used for general storage, or utilised to store a large quantity of rope for deep water anchoring.
